## SKILLS

- ❖ Programming Languages: Java (Intermediate)
- ❖ Web Development: HTML, CSS, JavaScript (Intermediate), React.js
- ❖ Backend & Databases: nodejs (basics), MySQL

## EDUCATION

- ❖ Computer science engineering | Rungta college of engineering and technology

Btech(1st sem) : 83.4%

Btech(2nd sem) : 85.1%

Btech(3rd sem) : 70%

Btech(4rd sem) : 71%

Btech(5rd sem) : 73%

Btech(6<sup>th</sup> sem) :74%

Btech(7<sup>th</sup> sem) :79%

- ❖ XII (CBSE) | MGM SENIOR SECONDARY SCHOOL 83%| 2021
- ❖ X(CBSE) | MGM SENIOR SECONDARY SCHOOL 83% / 2019

## PROJECTS

- ❖ Portfolio
  - URL: [Portfolio](#)
  - Description: Developed a personal portfolio website to showcase my front-end development skills
- ❖ Typing Test Application
  - Description: Developed a terminal-based typing test application in Java that allows users to practice typing skills. The application generates a random set of words for users to type and calculates typing speed based on words per minute.
  - Repository: [Typing-Test-Application](#)
- ❖ Social Media Project
  - Description: Developed a full-stack social media platform using React, Node.js, and MySQL. The application includes features like user authentication, profile management, post creation, likes, and comments, ensuring an interactive and engaging user experience. Designed a responsive UI for seamless performance across desktop and mobile devices. Implemented JWT-based authentication, RESTful APIs, and a MySQL database to manage user data efficiently. Focused on clean UI/UX design, scalability, and optimized performance to enhance user engagement.
